

The following contract is between 606 Family Farm Co. Goldens and the buyer for the purchase of a puppy from 606 Family Farm Co. Goldens.

DEPOSIT FOR RESERVING A PUPPY:

A \$350 deposit is required to hold/reserve a puppy. 606 Family Farm Co. accepts cashiers check, venmo, and paypal as payment options. The name of the puppy must be noted in your payment sent.

FINAL PAYMENT

Final payment is due at the time the puppy is picked up. If the puppy is being ground delivered or air delivered, payment will be required in full PRIOR to leaving.

REFUNDS OF DEPOSITS

Deposits made on existing litters of puppies are non-refundable. The deposit may be transferrable to another litter. 606 Family Farm Co. reserves the right to determine whether to transfer the deposit or not. If the decision is made to transfer the deposit, you will then have 1 year to use that deposit/credit. Following one year the deposit will no longer be applicable to any new purchases.

If you are making a deposit for a puppy from an upcoming/unborn litter, and the anticipated puppy becomes unavailable, we, 606 Family Farm Co. will refund your entire deposit or offer the option of replacing this puppy with another puppy from a current or future litter.

HEALTH GUARANTEE

Our puppies are vet-checked prior to being sold to assure you, the buyer, of their health. Should the puppy develop any congenital medical disorder during the first 12 months of life, 606 Family Farm Co. will provide you, the Buyer, with the option of returning the

puppy and replacing the puppy with one of equal value or providing the buyer with an additional puppy of equal value. 606 Family Farm Co does require veterinary proof of diagnosis. 606 Family Farm Co is not responsible for bills incurred due to illness. The 1 year health guarantee does not cover common health issues such as parasites and other treatable issues.

The buyer will be responsible for obtaining, within 3 days of acquiring the puppy, an evaluation by a veterinarian. Failing to do so will void the health guarantee. If an untreatable medical condition is detected, 606 Family Farm Co, at the buyer's discretion, will either replace the puppy or allow for the return of the puppy for a full refund of the purchaser's money. 606 Family Farm Co. is not liable for long term medical care or treatment if so chosen by the buyer.

By sending a payment you are agreeing to the terms above.
